I am a current Resident in the El Sereno neighborhood and have been renting in a non-Caltrans home w/ my wife & 2 year old twins. I have been an active community member & have been struggling to purchase a home in the El Sereno near my family. I would love to purchase one of the homes (surplus). I would like to be informed about the properties available. All properties should be sold as owner occupant. Local investors should be able to purchase Multifamily housing.
