**P.O. BOX 1114**  
**RANCHO SANTA FE, CA 92067**  
E-mail: kdunford@aol.com  
(858) 756-5107

**EDUCATION:**

California Polytechnic University, B.S.C.E.  
Pepperdine University, M.B.A.

**PROFESSIONAL EXPERIENCE:**

Over thirty-five years of accomplishment within the development and construction industry and have been responsible for the design and construction of civil works for subdivisions, commercial developments and heavy engineering projects. In the early 1970's served as Project Manager and constructed several heavy construction projects in Southern California totaling \$20 million. As Operations Vice President, was responsible for six to eight on-going heavy construction projects in the Southwestern United States totaling \$30 to \$40 million per year. During my tenure as President and C.E.O., reorganized and guided the growth of a \$35 million per year heavy industrial/commercial full-service construction company. Successfully organized and lead, as President, a heavy civil construction company in hard dollar, design-build and negotiated work throughout California totaling \$60 million per year.

**REPRESENTATIVE EXPERIENCE:**

Unclassified Excavation	48,000,000 c.y.
Manufactured (crushed) Bases	1,800,000 tons
Drainage Pipe (12" - 108")	50,400,000 l.f.
Site Work (clearing through landscape)	650 acres
Building Construction (Commercial/Industrial)	2,100,000 s.f.
Vertical Wall and Sloped Wall Channels	8 miles
Bridges (91), Culverts and Retaining Walls	480,000 c.y.
Concrete Paving (streets, airports, freeways)	3,100,000 c.y.
Rip Rap and Bedding placed for Channels	400,000 tons

**DESIGNATIONS AND MEMBERSHIPS:**

Licensed - Registered Civil Engineer, California  
Licensed - Registered Safety Engineer, California  
Licensed - General Engineering and Building Contractor, California  
Member - American Society of Civil Engineer  
Member - National Society of Professional Engineers  
Member - Toastmasters International  
Member - Rotary International
